

11 mm BEAL Access Unicore® Pro | Pro Rope

The BEAL Access Unicore® rope is extremely strong (46 daN/g). Reinforced by our innovative Unicore® technology this low stretch type A rope is made in the same way as the [BEAL Industrie](#) and is therefore ideally suited for all risky operations and for working at height. Our unique Unicore® technology creates the ultimate bond between sheath and core. Ensuring sheath slippage is nearly zero, even when the sheath is entirely cut circumferentially. This rope has reached a new level of safety while remaining easy to handle and light enough to become a must-have for work at height.

Key Features

- Lightweight - 74 g/m
- Unicore® technology
- 4x4 construction
- Hyper resistance: 46 daN/g
