Comfortable, premium Type 2 full-brim safety helmet

Engineered to raise industry standards in comfort and fit, the HexArmor® Ceros® XT400 safety helmet brings you a technologically advanced full-brimmed, vented safety helmet for workers who need Class C protection.

With an EPS foam interior, the XT400 is optimized to protect a wearer's head during impacts to the top, front, rear, and side, complete with removable padding at the crown for added comfort. Located on both sides of the helmet shell are wide airflow vents that allow for a cool, breathable feel all day long. Available in a variety of colors with the ability to customize with company logo, and more.

Protective devices do not provide unlimited protection. Some operations may require machine guards, face shields, special filter lenses, or other safety equipment. Safety helmets do not provide complete protection against hazards, and should only be used in conjunction with the prescribed safety equipment for the application as well as defined safety practices.

UVEX SAFETY GROUP GmbH & Co. KG, parent company of HexArmor®, has achieved a Gold EcoVadis Rating, placing us in the top 5% of sustainable suppliers globally.
