Pacific R6 Challenger Lightweight Multi-Purpose Helmet Pro | Pro Personal Gear

The Challenger provides the user with the highest level of rescue/wildland fire protection currently available today. It is the multipurpose helmet of choice for many rescue and military services across the globe and is fully certified to the widest range of rescue helmet standards of any helmet in the world. PMI and Pacific have custom-outfitted our Challenger with several accessories which include a rescue eye protector that features adjustability away from and towards the face.
