FOUNDED THROUGH EXPERIENCE

GreyStone Group was founded by a veteran of both the military and federal law enforcement with more than three decades of combined service protecting others in some of the world's most challenging environments.

The founder served more than 20 years in the United States military, including combat service during Operation Desert Storm and Operation Iraqi Freedom. During service in Iraq, he was wounded in action and awarded the Purple Heart.

Following military service, he spent 22 years with the United States Department of State's Diplomatic Security Service (DSS) as a special agent, serving in assignments and TDY operations in some of the world's most complex security environments, including Iraq, Afghanistan, Libya, Ukraine, and other high-risk regions.

Throughout those years, one lesson remained constant: the men and women on the front lines deserve equipment that works in the worst conditions.

GreyStone was not founded simply to sell products. It was founded to provide personal protective equipment and mission-critical gear to the people doing the work themselves - first responders, public works employees, military personnel, law enforcement officers, utility crews, industrial workers, and emergency management professionals.

The products we offer are selected with the same mindset used by those who rely on their equipment every day: reliability, durability, functionality, and performance matter.

When people are counting on their equipment to protect them, "good enough" is not good enough.

GreyStone exists to support those who stand on the front lines protecting communities, maintaining critical infrastructure, and responding when others need help most.

GreyStone Group LLC is proud to be a certified Service-Disabled Veteran-Owned Small Business (SDVOSB), Veteran-Owned Small Business (VOSB), and Maryland Veteran-Owned Small Business Enterprise (VSBE), bringing mission-driven service, proven experience, and responsive support to government and commercial customers nationwide.

HOW TO REQUEST A QUOTE OR PLACE AN ORDER

To request pricing or place an order, please email:
info@greystone-solution.com

To ensure timely processing, please include the following information in your request

CONTACT INFORMATION: Agency Name, Point of Contact, Title/Position, Telephone Number, Email Address

PRODUCT: Manufacturer, Brand, Product Name, Item Number or SKU, Color, Size, Customization Requirements (if applicable), Quantity Requested

SHIPPING INFORMATION: Delivery Address, Required Delivery Date (if applicable), Additional Notes or Specifications

New Email

Sizes XS - XXXL; Colors: Gray/Red/White; Premium Goatskin Leather Construction; C100 Thinsulate™ Interior Liner; ANSI/ISEA 138 Level 2 Impact Protection; High Dexterity Cold Weather Design; Exceptional Grip, Flexibility, and Durability in Freezing Conditions; Combines Traditional Leather Feel with Modern Impact Protection Technology; Ideal for Oil and Gas, Utilities, Construction, Public Works, Transportation, and Heavy Industrial Applications. SKU: GS407X3

HexArmor Chrome Series® Arctic Leather 4082

Sizes XS - XXXL; Colors: Gray/Red/Hi-Vis Yellow; Premium Goatskin Leather Construction; C40 Thinsulate™ Insulation; ANSI A8 Cut Resistance; CE 4X23F Rating; High Dexterity Cold Weather Design; Excellent Grip, Durability, and Flexibility in Freezing Conditions; Ideal for Utilities, Construction, Oil and Gas, Public Works, Transportation, Material Handling, and Heavy Industrial Applications. SKU: GS407X4

EXTREME COLD WEATHER GLOVES

Outdoor Designs Denali Gauntlet Glove

Designed for severe winter environments where warmth, durability, and dexterity are equally critical, the Denali Gauntlet combines premium goat leather construction with waterproof protection and expedition-grade insulation. Reinforced rope-contact areas, knuckle protection, and a long gauntlet cuff make it well suited for utility crews, winter SAR teams, forestry operations, snow removal crews, and extreme cold field work. SKU: GS408X1

Outdoor Designs Diablo Tec Softshell Glove

Designed for high-mobility operations where dexterity, grip, and weather protection are more important than maximum insulation, the Diablo Tec combines a flexible softshell body with premium goat-leather reinforcement in a lightweight technical glove package. Its excellent tactile feel and touchscreen compatibility make it well suited for utility crews, forestry personnel, SAR teams, equipment operators, and field personnel operating in cold and wet environments. SKU: GS408X2

Outdoor Designs Diablo Syn Softshell Glove

Sizes S - XXL; Colors: Black; Lightweight All-Synthetic Construction; Clarino Synthetic Palm for Grip and Durability; Touchscreen Compatible Fingertips and Knuckle Panels; Box Finger Construction for Improved Fit and Dexterity; Dual Carabiner Attachment Loops; Hypalon Pull Tab for Easy Donning; Flexible Softshell Design for Active Cold Weather Operations; Ideal for Forestry Crews, Utility Workers, Public Works Personnel, Survey Teams, SAR Teams, Parks Departments, and General Winter Field Operations. SKU: GS408X3

Glacier Glove Ice Bay Neoprene Glove

Sizes S - XXL; Colors: Gray; Waterproof Neoprene Construction; Insulated Cold Weather Design; Excellent Dexterity and Grip in Wet Conditions; Wind Resistant and Water Resistant Protection; Lightweight Flexible Construction for Extended Wear; Designed for Cold Water and Harsh Weather Environments; Ideal for Water Rescue Teams, Harbor Units, Marine Police, Fisheries Personnel, Flood Response Operations, Marina Staff, and Outdoor Cold Weather Operations. SKU: GS408X4

OUTDOOR DESIGNS

OUTDOOR UTILITY GLOVES

Kinco 1927 Lined Pigskin Glove

Sizes S - XXL; Colors: Golden Pigskin/Striped Fabric Back; Premium Pigskin Leather Construction; HeatKeep® Thermal Insulation; Knit Wrist for Debris Protection and Heat Retention; Pigskin Maintains Flexibility Even When Wet; Excellent Durability and Dexterity for Extended Outdoor Use; Ideal for Utility Crews, Snow Removal Operations, Forestry Personnel, Ranching Operations, Equipment Operators, Public Works Departments, and General Winter Field Operations. SKU: GS409X1

Kinco 1927KW Kids Lined Leather Glove

Sizes Youth S - Youth L; Colors: Golden Pigskin/Striped Fabric Back; Premium Pigskin Leather Construction with Thermal Insulation; Knit Wrist Design for Warmth and Debris Protection; Designed to Provide Youth Workers and Outdoor Enthusiasts with Professional Grade Hand Protection in Cold Conditions; Ideal for Agricultural Programs, Outdoor Education, Family Ranch Operations, Junior Forestry Programs, and Winter Outdoor Activities. SKU: GS409X2

Kinco 1938 Hi-Vis Waterproof Pigskin Glove

Sizes S - XL; Colors: Hi-Vis Orange/Tan; Waterproof Pigskin Leather Construction; High Visibility Safety Back for Increased Worker Visibility; Thermal Insulation for Cold Weather Protection; Reinforced Wear Areas for Extended Service Life; Excellent Grip and Flexibility in Wet Conditions; Ideal for Highway Departments, DOT Crews, Airport Operations, Utility Companies, Snow Removal Contractors, Municipal Public Works, and Winter Construction Operations. SKU: GS409X3

Kinco Lined Heavy Duty Premium Grain and Suede Leather Glove

Sizes S - XXL; Colors: Tan/Black; Premium Grain and Suede Leather Construction; Heavy Duty Thermal Insulation for Severe Weather Conditions; Reinforced Palm and Wear Areas for Extended Durability; Excellent Abrasion Resistance and Grip in Harsh Outdoor Environments; Ideal for Forestry Operations, Oil and Gas Operations, Heavy Equipment Operators, Utility Maintenance Personnel, Ranch Operations, and Industrial Outdoor Field Work. SKU: GS409X4

KINGCO GLOVES

ROPE ACCESS, TECHNICAL RESCUE, AND CLIMBING GLOVES

ROPE & RESCUE

Cypher Rappel Glove Heavy Duty - Black

Heavy-duty leather rappelling glove engineered for repeated rope handling, belaying, and technical rescue operations where abrasion resistance and grip are critical. Reinforced high-wear contact areas provide excellent durability while maintaining the dexterity required for rope systems, anchor construction, and rescue operations. Ideal for rope rescue teams, industrial rope access technicians, tower climbers, tactical teams, utility crews, and search and rescue personnel operating in demanding environments. SKU: GS410X1

Edelweiss Control Leather Gloves

Premium leather rope handling glove designed to provide an exceptional balance of dexterity, protection, and rope control during technical operations. Reinforced palm construction reduces rope burn and abrasion while maintaining excellent tactile sensitivity for knot tying, rigging, and equipment manipulation. Well suited for climbing instructors, rope rescue technicians, mountain rescue teams, arborists, and industrial access personnel. SKU: GS410X2

Singing Rock Falconer Tactical Glove

Lightweight tactical rope glove developed for high mobility operations requiring precision hand movement without sacrificing rope protection and durability. Offers excellent dexterity for carabiner handling, rope systems, weapon manipulation, and technical equipment use in demanding field environments. Ideal for search and rescue teams, law enforcement rappel units, helicopter crews, tactical response teams, and rescue technicians. SKU: GS410X3

Kong Kevlar Full Gloves

Kevlar-reinforced technical glove engineered for professional rope handling, rescue operations, and high-abrasion environments requiring increased durability and cut resistance. Reinforced wear surfaces and excellent grip characteristics make it well suited for heavy rope work, industrial access operations, confined space rescue, tower climbing, and utility maintenance activities where extended glove life is critical. SKU: GS410X4

CHEMICAL RESISTANT GLOVES

Summit 104 Series Flocked Lined Latex Glove

Sizes S - XL; Colors: Yellow; 17 Mil Latex Construction; Soft Flocked Interior Lining for Comfort During Extended Wear; 12" Straight Cuff Protection; Excellent Resistance to Mild Chemicals, Cleaning Solutions, and Detergents; Ideal for Custodial Staff, Food Service Operations, Janitorial Contractors, Facility Maintenance Personnel, and General Cleaning Applications. SKU: GS411X1

Summit 249 Series Fully Coated Latex Crinkle Finish Glove

Sizes S - XL; Colors: Yellow; Fully Coated Natural Latex Construction; Crinkle Finish Grip Surface for Wet Environments; 13" Extended Length Protection; Superior Abrasion Resistance and Grip Performance; Ideal for Wastewater Operations, Public Works Crews, Industrial Cleaning, Maintenance Departments, and Heavy Facility Operations. SKU: GS411X2

Summit 506 Series Raised Diamond Nitrile Glove

Sizes S - XXL; Colors: Green; 16 Mil Flock-Lined Nitrile Construction; Raised Diamond Grip Pattern for Wet and Oily Conditions; 13" Length Protection; Excellent Resistance to Oils, Greases, Solvents, and Industrial Chemicals; Ideal for Utilities, Water Treatment Facilities, Manufacturing Operations, Maintenance Shops, and Chemical Handling Applications. SKU: GS411X3

Summit 520 Series Flexion 5 Unlined Nitrile Glove

Sizes S - XXL; Colors: Green; 11 Mil Unsupported Nitrile Construction; Unlined Design for Maximum Dexterity and Tactile Sensitivity; 13" Length Protection; Excellent Chemical Resistance with Outstanding Flexibility and Comfort; Ideal for Laboratories, Inspection Operations, Light Chemical Handling, Maintenance Personnel, and Precision Industrial Applications. SKU: GS411X4

SUMMIT GLOVES

CHEMICAL RESISTANT GLOVES

Magid ComfortFlex 738 Flock-Lined Two Tone Neoprene/Latex Gloves

Sizes S - XL; Colors: Blue/Yellow; Flock-Lined Neoprene/Latex Construction; Excellent Resistance to detergents, cleaning chemicals, diluted acids, and general maintenance chemicals; Comfortable supported design for extended wear; Textured finish for improved grip in wet environments; Ideal for janitorial personnel, sanitation crews, food processing facilities, maintenance departments, utilities, and general industrial cleaning applications. SKU: GS411X5

Magid D-ROC Chemical Resistant and Waterproof Fully Coated Nitrile Work Gloves - GPD484

Sizes S - XXL; Colors: Blue/Black; Fully Coated Waterproof Nitrile Construction; ANSI A4 Cut Resistance; Excellent protection against oils, greases, fuels, coolants, and industrial chemicals; Waterproof barrier with superior grip in wet environments; Ideal for utilities, oil and gas, public works, equipment maintenance, transportation, and heavy industrial operations. SKU: GS411X6

Magid ComfortFlex NB21 Smooth Finish Nitrile Gloves

Sizes S - XL; Colors: Blue/Black; Heavyweight Smooth Finish Nitrile Construction; Superior resistance to petroleum products, solvents, oils, and industrial chemicals; Extended cuff design for additional forearm protection; Excellent durability for prolonged chemical exposure applications; Ideal for chemical handling, manufacturing, refineries, maintenance operations, and industrial processing environments. SKU: GS411X7

Magid MultiMaster Vinyl Coated Sand Finished Chemical Resistant Glove - T2084R

Sizes S - XL; Colors: Black; Vinyl Coated Chemical Resistant Construction; Sand Finish Palm for enhanced grip in wet and oily conditions; Excellent resistance to acids, caustics, and industrial cleaning agents; Durable supported design for extended use in harsh environments; Ideal for wastewater facilities, municipalities, public works, chemical processing, sanitation operations, and industrial maintenance applications. SKU: GS411X8

MAGID GLOVES

HEAVY CHEMICAL RESISTANT & HIGH TEMPERATURE GLOVES

Summit 519 Series ChemShield Nitrile Glove

Sizes S - XXL; Colors: Green; 22 Mil Unsupported Nitrile Construction; 18" Extended Length Protection; Excellent Resistance to Oils, Solvents, Fuels, and Industrial Chemicals; Designed for Heavy Chemical Exposure and Splash Protection; Ideal for Chemical Processing, Petroleum Operations, Utilities, and Industrial Maintenance Applications. SKU: GS412X1

Summit 915 Series Fryer Glove

Sizes S - XL; Colors: Black; Neoprene Construction with Sewn-In Thermal Liner; Heat Protection up to 350°F; Excellent Resistance to Hot Oils, Grease, and Cleaning Chemicals; Ideal for School Cafeterias, Corrections Kitchens, Hospitals, Food Service Operations, and Commercial Kitchens. SKU: GS412X2

Summit 930 Series Fryer Glove

Sizes S - XL; Colors: Black; High Temperature Neoprene Construction with Sewn-In Thermal Liner; Heat Protection up to 450°F; Excellent Chemical and Thermal Resistance; Designed for Heavy Food Service and Industrial Cleaning Applications; Ideal for Institutional Kitchens, Food Processing Plants, and Commercial Cooking Operations. SKU: GS412X3

Summit 945 Series Fryer Glove

Sizes S - XL; Colors: Black; Premium Neoprene Construction with Removable Thermal Liner; Heat Protection up to 450°F; Removable Liner Allows Improved Cleaning, Drying, and Maintenance; Designed for Continuous High Temperature Operations; Ideal for Corrections Facilities, Hospitals, Food Processing Plants, and Commercial Kitchens. SKU: GS412X4

SUMMIT GLOVES

WAREPROOF & WET ENVIRONMENTS

OUTDOOR DESIGNS

Glacier Glove Bristol Bay

Sizes S - XXL; Colors: Black/Tan; Waterproof Neoprene Construction; Textured Grip Surface for Wet Handling Applications; Excellent Dexterity and Paddle Control; Adjustable Wrist Closure for Secure Fit; Designed for Continuous Exposure to Water and Wet Conditions; Ideal for Water Rescue Teams, Harbor Units, Marine Police, Fisheries Personnel, Flood Response Operations, Marina Staff, and Outdoor Field Operations. SKU: GS413X1

Glacier Glove Neoprene Precurved Paddling Glove

Sizes S - XXL; Colors: Black; 2mm Fleece-Lined Neoprene Construction; Precurved Finger Design Reduces Hand Fatigue During Extended Use; Fully Waterproof Design for Cold Water Operations; Excellent Grip and Flexibility in Wet Conditions; Lightweight Construction Maintains Dexterity and Comfort; Ideal for Swiftwater Rescue Teams, Kayak Rescue Personnel, Marine Units, Harbor Patrol, Fisheries Staff, and Cold Weather Water Operations. SKU: GS413X2

Glacier Glove Kenai Waterproof Glove

Sizes S - XXL; Colors: Black; Premium 2mm Techline Neoprene Construction; 100% Waterproof Design; Seamless Palm Construction for Improved Comfort and Durability; Nylon Lining for Fast Drying and Easy Donning; Textured Exterior Surface for Enhanced Grip in Wet Conditions; Excellent Warmth, Dexterity, and Flexibility; Ideal for Water Rescue Teams, Marine Police, Fisheries Personnel, Harbor Operations, Flood Response Units, and General Cold Weather Field Operations. SKU: GS413X3

NeoSport 3mm Neoprene Glove

Sizes S - XXL; Colors: Black; 3mm Premium Neoprene Construction; Precurved Finger Design for Reduced Fatigue and Improved Natural Grip Position; High-Grip Palm Surface for Secure Equipment Handling; Adjustable Wrist Closure Provides Secure Seal Against Water Intrusion; Sewn and Glued Construction for Long Service Life; Designed for Cold Water and Extended Wet Environment Operations; Ideal for Dive Teams, Marine Patrol Units, Swiftwater Rescue Personnel, Harbor Operations, Search and Rescue Teams, and Public Safety Water Operations. SKU: GS413X4

ARC FLASH/ELECTRICAL GLOVES

HexArmor Chrome Series® with IronHide® 4090IMP

Sizes XS - XXXL; Colors: Brown/Hi-Vis Yellow; Premium IronHide® Leather Construction; ANSI A8 Cut Resistance; Arc Flash Rated Protection; Contact Heat Resistance; Full Back-of-Hand Impact Protection; Reinforced High-Wear Palm Areas for Extended Service Life; Touchscreen Compatible Fingertip; Designed for Utility, Electrical, Oil and Gas, Heavy Construction, and Industrial Maintenance Operations Where Arc Flash, Impact, and Cut Hazards Exist. SKU: GS414X1

HexArmor Chrome SLT® 4061

Sizes XS - XXXL; Colors: White/Orange; Premium Goatskin Leather Construction; Arc Flash Rated Level 4 Protection; ANSI A5 360-Degree Cut Resistance; Lightweight High Dexterity Design; Excellent Tactile Feel for Precision Work; Reinforced Wear Areas for Extended Durability; Ideal for Utility Crews, Electrical Contractors, Public Works Personnel, Substation Operations, and Industrial Maintenance Technicians Working Around Energized Equipment. SKU: GS414X2

HexArmor HeatArmor® 5065

Sizes XS - XXXL; Colors: White/Brown; Premium Heat-Resistant Leather Construction; ANSI A7 Cut Resistance; Extended Gauntlet Cuff for Forearm Protection; Designed for High Heat and Hot Work Environments; Excellent Resistance to Contact Heat, Sparks, and Abrasion; Ideal for Welding, Foundry Operations, Asphalt Crews, Steel Fabrication, Metal Processing, and Heavy Industrial Applications. SKU: GS414X3

HexArmor Chrome SLT® 5073

Sizes XS - XXXL; Colors: Brown; Premium Oil Resistant Leather Construction; Arc Flash Rated Protection; ANSI A9 Cut Resistance; Excellent Grip in Oily and Wet Conditions; Lightweight Flexible Design with Outstanding Dexterity; Reinforced High Wear Areas for Long Service Life; Ideal for Electrical Utilities, Oil and Gas Operations, Pipeline Maintenance, Industrial Construction, Public Works, and Heavy Equipment Maintenance Applications. SKU: GS414X4

HEXARMOR

ARC FLASH/ELECTRICAL GLOVES

Oberon TCG25 Arc Flash Glove

Sizes Regular, Large, XL, 2XL; Arc Rating 25 cal/cm²; Designed for CAT 2 and CAT 3 electrical work environments requiring substantial arc flash protection without sacrificing mobility and dexterity. Ideal for industrial maintenance electricians, switchgear technicians, utility crews, manufacturing facilities, and medium voltage electrical operations where reliable arc flash protection is critical for daily operations. SKU: GS414X5

Oberon TCG40 Arc Flash Glove

Sizes Large, XL; Arc Rating 40 cal/cm²; Heavy-duty arc flash protection designed for high incident energy environments encountered in substations, power generation facilities, utility transmission systems, and major industrial electrical infrastructure. Provides advanced protection for energized work requiring increased thermal performance and maximum worker safety in high-risk electrical applications. SKU: GS414X6

Oberon TCG100 Arc Flash Glove

Sizes Regular, Large, XL, 2XL; Arc Rating 100 cal/cm²; Extreme protection glove designed for transmission operations, high voltage switching, utility emergency response, and specialized electrical maintenance activities involving exceptionally high incident energy exposure levels. Commonly used by transmission crews, utility linemen, and specialized electrical response teams operating in the most demanding arc flash environments. SKU: GS414X7

Oberon Class 00 Rubber Electrical Glove Kit - 11" Length

Available in Class 00 electrical protection configurations with 11-inch rubber insulating gloves, leather protectors, storage bag, and inspection accessories; designed for electrical maintenance personnel, utility crews, industrial electricians, switchgear technicians, renewable energy technicians, and facility maintenance teams working around energized equipment up to Class 00 voltage levels. Provides complete OSHA- and NFPA 70E-compliant hand protection for troubleshooting, testing, lockout/tagout procedures, panel maintenance, motor control centers, and energized low-voltage electrical work requiring both shock protection and arc flash compliance. SKU: GS414X8

OBERON

GENERAL PURPOSE COATED GLOVES

Helix® 3050

Sizes XS - XXL; Colors: Green/Black; Lightweight seamless knit shell with durable palm coating for enhanced grip and abrasion resistance; Excellent flexibility and dexterity for all-day wear; Breathable construction reduces hand fatigue during repetitive tasks; Designed for warehouse operations, distribution centers, shipping and receiving, municipal maintenance, public works, light construction, and general material handling applications. SKU: GS415X1

Helix® 3052

Sizes XS - XXL; Colors: Blue/Orange/Black; High visibility seamless knit construction with textured palm coating for superior grip in dry and light oil conditions; Comfortable ergonomic fit designed for repetitive motion tasks; Excellent balance of durability and tactile sensitivity; Ideal for manufacturing, logistics operations, equipment assembly, transportation departments, parks maintenance, and industrial facilities requiring dependable daily hand protection. SKU: GS415X2

Helix® 3055 Bamboo TwinFlex®

Sizes XS - XXL; Colors: Light Blue/Gray/Black; Bamboo TwinFlex® liner provides exceptional comfort, moisture management, and breathability during extended wear; Durable palm coating delivers reliable grip and abrasion protection while maintaining outstanding dexterity; Designed for workers requiring comfort in warm environments and long shifts; Ideal for warehouse personnel, order fulfillment operations, light manufacturing, packaging operations, school maintenance departments, and municipal service crews. SKU: GS415X3

Helix® 3058

Sizes XS - XXL; Colors: Black/Black; Lightweight seamless construction with dark finish for environments where dirt and grease concealment is preferred; Flexible palm coating provides excellent grip and abrasion resistance without sacrificing dexterity; Comfortable low-profile design supports precision handling and extended use; Well suited for automotive maintenance, equipment repair, manufacturing operations, public works departments, facilities maintenance, transportation shops, and general industrial applications. SKU: GS415X4

HEX ARMOR

GENERAL PURPOSE COATED GLOVES

Magid ROC® BP169 Lightweight Polyurethane Palm Coated Work Glove

Sizes S - XXL; Colors: Black/Black; Lightweight seamless knit shell with polyurethane palm coating provides excellent grip, flexibility, and abrasion resistance while maintaining outstanding tactile sensitivity for precision work. Designed for warehouse operations, order fulfillment, packaging lines, distribution centers, shipping and receiving departments, light manufacturing, and general material handling applications requiring all-day comfort and dexterity. SKU: GS415X5

Magid ROC® GP139 Polyurethane Palm Coated Work Glove

Sizes S - XXL; Colors: White/Gray; Lightweight polyurethane coated glove offering dependable grip and abrasion resistance without sacrificing finger dexterity or comfort. Well suited for assembly operations, manufacturing environments, inspection tasks, public works departments, transportation facilities, logistics operations, and municipal maintenance activities requiring economical daily hand protection. SKU: GS415X6

Magid Griffin Gear® GPD455 NitriX® Grip Technology Coated Work Glove

Sizes XS - XXL; Colors: Gray/Black; Advanced NitriX® grip technology provides superior grip performance in dry, wet, and lightly oily environments while delivering ANSI A4 cut resistance protection. Designed for industrial manufacturing, automotive assembly, warehouse operations, equipment maintenance, machine shops, distribution facilities, and material handling environments where improved grip and moderate cut protection are required. SKU: GS415X7

Magid ROC® GP110 Lightweight Foam Nitrile Coated Work Glove

Sizes S - XXL; Colors: Gray/Black; Lightweight foam nitrile palm coating provides exceptional breathability, flexibility, and grip performance while reducing hand fatigue during extended wear. Ideal for warehouse personnel, shipping operations, inventory management, assembly work, municipal maintenance crews, facilities management personnel, and general industrial applications requiring lightweight daily hand protection. SKU: GS415X8

MAGID

GENERAL PURPOSE COATED GLOVES

SUMMIT GLOVE

Summit 310GP Series Grip-Tech®

Sizes XS - XXL; Colors: Gray/Gray; Lightweight gray nylon shell with gray polyurethane palm coating delivers excellent dexterity, grip performance, and abrasion resistance while maintaining high tactile sensitivity for repetitive work tasks. Designed for warehousing operations, packaging facilities, logistics centers, shipping and receiving departments, order fulfillment, assembly work, and light manufacturing environments. SKU: GS415X9

Summit 306N Series NitriGrip®

Sizes XS - XXL; Colors: White/Gray; Fifteen gauge nylon shell with nitrile palm coating provides enhanced durability and improved grip performance in dry and lightly oily conditions while preserving worker comfort and flexibility. Ideal for manufacturing operations, equipment assembly, maintenance departments, distribution centers, transportation facilities, and industrial material handling applications. SKU: GS415X10

Summit A304 Series Super Fit

Sizes S - XL; Colors: Blue/Gray; Ten-gauge liner with natural rubber palm coating delivers excellent grip, flexibility, and durability for demanding general-purpose work environments. Designed for warehouse operations, public works departments, parks maintenance crews, construction support activities, landscaping operations, shipping and receiving, and municipal maintenance applications. SKU: GS415X11

Summit A304TH Series Thermal Super Fit

Sizes S - XL; Colors: Gray/Blue; Thermal lined ten gauge glove with natural rubber coating provides dependable grip and insulation for outdoor and cold weather work environments. Ideal for winter municipal operations, utility crews, transportation departments, public works personnel, parks maintenance teams, snow removal operations, and outdoor material handling activities. SKU: GS415X12

EXAMINATION, FOOD SERVICE, AND GENERAL PURPOSE DISPOSABLE GLOVES

DISPOSABLE NITRILE GLOVES

American Nitrile SteelFlex Examination Glove

Made in the USA powder-free nitrile examination glove designed for healthcare, dental, veterinary, laboratory, and general institutional use. Provides exceptional dexterity, comfort, and chemical resistance while exceeding medical AQL requirements and offering chemotherapy drug resistance. Ideal for hospitals, clinics, schools, laboratories, and municipal healthcare operations. SKU: GS416X1

American Nitrile Granite Examination Glove

Made in the USA premium powder-free nitrile examination glove designed for healthcare, dental, laboratory, veterinary, and institutional environments requiring enhanced durability and barrier protection. Offers outstanding puncture resistance, comfort, and tactile sensitivity while meeting demanding medical and industrial performance requirements. Ideal for hospitals, clinics, laboratories, schools, municipal healthcare operations, and general-purpose examination applications requiring a heavier-duty disposable glove without specialized narcotics protection positioning. SKU: GS416X2

Dukes BIOSERV Biodegradable Food Service Glove

Biodegradable black nitrile glove designed specifically for food service, hospitality, janitorial, and customer-facing operations. Provides dependable barrier protection while reducing long-term environmental impact through accelerated biodegradation technology. Ideal for cafeterias, correctional food service operations, schools, restaurants, and municipal facilities. SKU: GS416X3

Magid ComfortFlex Iron Grip T9408OR High-Grip Disposable Glove

An aggressive, raised-grip pattern provides exceptional control in wet, oily, and greasy environments where conventional disposable gloves struggle. Designed for food processing, seafood operations, automotive service, industrial maintenance, and sanitation environments requiring superior grip performance. Based on your entire catalog, this glove visually stands out and gives buyers something different from another standard blue nitrile glove. SKU: GS416X4

FENTANYL RESISTANT AND DRUG EXPOSURE PROTECTION GLOVES

FENTANYL PROTECTION GLOVES

Intercept Free Dual-Layer Fentanyl Protection Glove

Patented dual-color nitrile examination glove designed specifically for fentanyl, heroin, xylazine, and gastric acid exposure protection with permeation resistance exceeding 240 minutes under ASTM testing protocols. The bright safety-green interior provides immediate visual indication of glove compromise while the accelerator-free construction reduces skin irritation during extended wear. One of the few gloves in your catalog specifically engineered for narcotics interdiction and overdose response operations. SKU: GS417X1

American Nitrile Slate Fentanyl Resistant Examination Glove

Made in the USA powder-free nitrile examination glove tested against fentanyl permeation and chemotherapy drug exposure in accordance with ASTM D6978 standards. Provides excellent tactile sensitivity and comfort for law enforcement, EMS, corrections, and emergency response personnel handling unknown substances and narcotics evidence. SKU: GS417X2

Dukes BIOFLEXX Biodegradable Fentanyl Resistant Examination Glove

Biodegradable nitrile examination glove tested for chemotherapy drugs and fentanyl citrate while delivering reduced environmental impact through accelerated biodegradation technology. Ideal for healthcare facilities, border security operations, law enforcement, and public health agencies seeking both protection and sustainability goals. SKU: GS417X3

Magid ComfortFlex MAX T9308 Extended Cuff Disposable Glove

Heavy-duty 8 mil fingertip nitrile glove with extended 12-inch cuff providing additional forearm protection for hazardous material handling, decontamination operations, narcotics investigations, and industrial chemical exposure environments. Ideal for corrections, evidence technicians, EMS, maintenance operations, and industrial cleanup crews requiring greater durability than standard examination gloves. SKU: GS417X4

Product Availability Notice

The products featured in this catalog represent a curated selection of solutions available through GreyStone Group LLC and are intended to illustrate our capabilities across workforce protection, environmental response, emergency preparedness, and industrial safety markets.

This catalog is not a comprehensive listing of all products, manufacturers, or solutions available to our customers. Through our extensive network of manufacturers, distributors, and industry partners, GreyStone can source thousands of additional products beyond those shown here.

If you are searching for a specific item, manufacturer, specification, or application solution not included in this catalog, please contact our team. We will gladly determine product availability, identify suitable alternatives when appropriate, and provide a competitive quotation tailored to your requirements.

GreyStone welcomes opportunities to support government, public safety, industrial, utility, educational, and commercial customers with both standard and hard-to-find products.
