FOUNDED THROUGH EXPERIENCE

GreyStone Group was founded by a veteran of both the military and federal law enforcement with more than three decades of combined service protecting others in some of the world's most challenging environments.

The founder served more than 20 years in the United States military, including combat service during Operation Desert Storm and Operation Iraqi Freedom. During service in Iraq, he was wounded in action and awarded the Purple Heart.

Following military service, he spent 22 years with the United States Department of State's Diplomatic Security Service (DSS) as a special agent, serving in assignments and TDY operations in some of the world's most complex security environments, including Iraq, Afghanistan, Libya, Ukraine, and other high-risk regions.

Throughout those years, one lesson remained constant: the men and women on the front lines deserve equipment that works in the worst conditions.

GreyStone was not founded simply to sell products. It was founded to provide personal protective equipment and mission-critical gear to the people doing the work themselves - first responders, public works employees, military personnel, law enforcement officers, utility crews, industrial workers, and emergency management professionals.

The products we offer are selected with the same mindset used by those who rely on their equipment every day: reliability, durability, functionality, and performance matter.

When people are counting on their equipment to protect them, "good enough" is not good enough.

GreyStone exists to support those who stand on the front lines protecting communities, maintaining critical infrastructure, and responding when others need help most.

GreyStone Group LLC is proud to be a certified Service-Disabled Veteran-Owned Small Business (SDVOSB), Veteran-Owned Small Business (VOSB), and Maryland Veteran-Owned Small Business Enterprise (VSBE), bringing mission-driven service, proven experience, and responsive support to government and commercial customers nationwide.

Product Availability Notice

The products featured in this catalog represent a curated selection of solutions available through GreyStone Group LLC and are intended to illustrate our capabilities across workforce protection, environmental response, emergency preparedness, and industrial safety markets.

This catalog is not a comprehensive listing of all products, manufacturers, or solutions available to our customers. Through our extensive network of manufacturers, distributors, and industry partners, GreyStone can source thousands of additional products beyond those shown here.

If you are searching for a specific item, manufacturer, specification, or application solution not included in this catalog, please contact our team. We will gladly determine product availability, identify suitable alternatives when appropriate, and provide a competitive quotation tailored to your requirements.

GreyStone welcomes opportunities to support government, public safety, industrial, utility, educational, and commercial customers with both standard and hard-to-find products.

KIT213 • Absorbs up to 4 gal. • UN1H2/Y30/S	27

KIT622

TRUCK SPILL KITS

Kick some asphalt with our lineup of tough, road-ready Truck Spill Kits!

Designed just for trucks! Packed with PIG Absorbents and essential spill supplies to clean up oil, gasoline, coolants and other vehicle fluids (see contents below). Hi-viz green bags are easy to find, they increase driver visibility during spill response, and the bold "spill kit" lettering on the front and sides makes for quick identification. Bags won't rip or tear thanks to the rugged construction designed for the rigors of the road.

HELPS YOU COMPLY with 40 CFR 263.30(a) and 40 CFR 263.31

Your truck's external compartments are perfect for spill kit storage. And now you can buy a kit that fits!

KIT632

SEE-THRU BAG

The see-thru bag allows for easy inspection of contents, and it fits behind or beneath the seat of a truck or other vehicle. The bag is constructed of cold-resistant vinyl.

KIT622

STOWAWAY BAG

Suitcase-style stowaway bag is designed to fit behind or underneath the seat of a truck or other vehicles. Three interior compartments help to segregate contents for faster response.

KIT626
Small Duffel

DUFFEL BAG

Fits wheel well boxes and other long, narrow areas. Side and end straps let you easily pull the bag from storage.

NEW PIG

SPILL KITS

NEW PIG

PIG SPILL CADDY

Swing-out doors and flip-top lid offer instant access to spill supplies.

Wheel these caddies to large spills or use them as highly visible central stations for absorbents and spill supplies. Swing-out doors, prepacked shelves and compartments make carts easy to inventory and access. The only kits that hold a mounted roll of PIG Mat for easy pull-and-tear dispensing. Narrow enough to fit through most aisles and doorways.

Choose standard Caddy (yellow or gray) or step up to the Big Daddy (yellow only) — nearly 2X larger and absorbs over 2X more!

NOTE: Not for outdoor storage unless outfitted with a protection cover. See page 47.

KIT2401

KIT820

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS

PIG HAZMAT KIT IN BULK CONTAINER

Absorb up to 108 gallons with our largest chemical spill kit.

Seamless, lockable polyethylene container keeps absorbents clean, dry and secure while the opaque walls block UV rays from degrading contents for up to 8,000 hours. Four-way forklift entry makes the kit easy to move, and you have a choice of wheels — select 10" wheels for uneven surfaces or 5" for smooth indoor rolling.

KITR304

NOTE: A PIG Bulk Container Protection Cover (available separately) is suggested for outdoor storage to protect container from moisture, dirt and the elements. See PAK800 on page 47.

PIG HAZMAT SPILL KIT IN HIGH-VISIBILITY CHEST

Wheel through doorways to get to a big chemical spill.

31"-wide, UV-resistant, lockable chest keeps absorbents secure and dry indoors or out, plus it fits through standard doors and aisles. It has forklift entry so it's easy to move, and you can choose between 5" or 8" wheels. The bright color helps you to locate the kit quickly.

KITR303

NOTE: A PIG Response Chest Protection Cover (available separately) is suggested for outdoor storage to protect container from moisture, dirt and the elements. See PAK802 on page 47.

NEW PIG

SPILL KITS DRUM

Brady SPC AllWik Universal 95 Gallon Spill Kit

Large-capacity spill-response system designed for major releases of oils, coolants, solvents, water, and other non-aggressive industrial liquids. Ideal for manufacturing facilities, utility operations, transportation yards, airports, public works departments, and large maintenance facilities requiring rapid response capability.

Includes high-capacity universal absorbent pads, socks, pillows, disposal bags, PPE, and a drum storage container for containment and cleanup of large spill incidents.

Spilfyter Universal 95 Gallon Overpack Spill Kit

Heavy-duty overpack spill response system designed for large industrial spill events and emergency response operations. Packaged in a durable overpack drum that allows for spill containment, temporary waste storage, and transportation of contaminated cleanup materials following an incident.

Includes universal absorbent pads, socks, pillows, disposal materials, PPE, and overpack container for spill recovery and waste handling operations.

Spilfyter Universal 95 Gallon Spill Kit Refill

Replacement absorbent package designed to fully replenish depleted 95-gallon universal spill kits after deployment. Allows organizations to restore spill readiness while reusing existing overpack drums and storage containers, reducing replacement costs and minimizing downtime.

Includes replacement universal absorbent pads, socks, pillows, disposal materials, and PPE components necessary to return spill kits to operational readiness.

UNIVERSAL - 95 GALLON

SPILL KITS DRUM

Brady SPC AllWik Universal 55 Gallon Drum Spill Kit

Large-capacity universal spill response system designed for the containment and cleanup of oils, coolants, solvents, water, and other non-aggressive industrial liquids. Ideal for manufacturing facilities, maintenance operations, utilities, warehouses, municipalities, and transportation hubs. Includes universal absorbent pads, socks, pillows, disposal bags, PPE, and a drum storage container for rapid deployment during large spill incidents with 41-gallon absorbency.

Spilfyter Universal 55 Gallon Drum Spill Kit
Heavy-duty universal spill response system engineered for industrial environments where multiple fluid types may be encountered. Suitable for maintenance shops, fleet facilities, public works departments, and general manufacturing operations. Includes universal absorbent pads, socks, pillows, disposal materials, PPE, and drum storage container for spill containment and cleanup operations.

UNIVERSAL - 55 GALLON

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS DRUM

Brady SPC Oil Only 55 Gallon Drum Spill Kit

Specialized petroleum spill response system designed specifically for fuels, lubricants, hydraulic fluids, diesel fuel, gasoline, and other hydrocarbon products while repelling water. Ideal for marinas, transportation fleets, airports, public works yards, and outdoor industrial environments.

Includes oil-only absorbent pads, socks, pillows, disposal bags, PPE, and a drum storage container for rapid hydrocarbon spill response and environmental protection operations.

Spilfyter Oil Only 55 Gallon Drum Spill Kit

High-capacity oil spill response system designed for outdoor petroleum spills and fuel handling operations where water rejection is critical. Suitable for heavy equipment yards, vehicle maintenance facilities, utility operations, and transportation applications.

Includes oil-only absorbent pads, socks, pillows, disposal materials, PPE, and drum storage container for spill containment and recovery.

OIL ONLY - 55 GALLON

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS DRUM

Spilfyter Hazmat 55 Gallon Drum Spill Kit

Large-capacity hazardous materials response system designed for aggressive chemicals, acids, bases, solvents, and unknown liquids requiring maximum chemical compatibility and responder protection. Ideal for laboratories, chemical storage areas, manufacturing plants, utilities, and hazmat response teams.

Includes chemical-resistant absorbent pads, socks, pillows, disposal bags, PPE, and drum storage container for hazardous spill containment, cleanup, and disposal operations.

Sphag Sorb 55 Gallon Drum Spill Response Kit

High-capacity emergency spill response system utilizing natural absorbent materials for rapid containment and cleanup of large liquid releases.

Designed for industrial facilities, transportation corridors, environmental response operations, and emergency management teams.

Includes absorbent materials, containment components, cleanup supplies, and response equipment designed for major spill incidents requiring extended response capability.

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS DRUM

Spilfyter Universal 30 Gallon Overpack Spill Kit

Portable spill response system designed for the containment and cleanup of oils, coolants, solvents, water, and other non-aggressive industrial liquids. Packaged in a durable overpack drum that simplifies spill recovery, temporary storage, and transportation of contaminated absorbents.

Includes universal absorbent pads, socks, pillows, disposal bags, PPE, and an overpack container for incident response and waste handling operations.

Spilfyter Oil Only 30 Gallon Overpack Spill Kit

Specialized spill response system designed specifically for fuels, lubricants, hydraulic fluids, diesel fuel, and other petroleum products while repelling water. Ideal for transportation fleets, fuel storage facilities, marinas, heavy equipment yards, and outdoor maintenance operations.

Includes oil-only absorbent pads, socks, pillows, disposal bags, PPE, and overpack drum for spill containment and contaminated waste storage.

Spilfyter Universal 30 Gallon Spill Kit Refill

Replacement absorbent package designed to fully replenish depleted 30-gallon universal spill kits after use. Allows organizations to reuse existing overpack drums and containers while reducing replacement costs and maintaining emergency readiness.

Includes replacement universal absorbent pads, socks, pillows, disposal materials, and PPE components necessary to restore spill response capability.

30 GALLON

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS DRUM

Brady SPC AllWik Universal 20 Gallon Lab Pack Spill Kit

General-purpose spill response kit designed for oils, coolants, solvents, water-based liquids, and mixed industrial fluids. Ideal for maintenance shops, municipalities, fleet facilities, utilities, warehouses, and manufacturing environments where multiple liquid hazards may be encountered. Includes absorbent pads, socks, pillows, disposal bags, PPE, and a compact storage drum for rapid deployment.

Spilfyter Universal 20 Gallon Overpack Spill Kit

Compact universal spill response kit packaged in an overpack drum for containment, transport, and disposal of contaminated absorbents and debris. Ideal for service vehicles, mobile maintenance crews, and facilities requiring compliant spill response capability.

Includes universal absorbents, containment socks, disposal bags, PPE, and overpack storage container.

Brady SPC AllWik Universal 20 Gallon Lab Pack Spill Kit

General-purpose spill response kit designed for oils, coolants, solvents, water-based liquids, and mixed industrial fluids. Ideal for maintenance shops, municipalities, fleet facilities, utilities, warehouses, and manufacturing environments where multiple liquid hazards may be encountered. Includes absorbent pads, socks, pillows, disposal bags, PPE, and a compact storage drum for rapid deployment.

UNIVERSAL - 20 GALLON

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

SPILL KITS DRUM

Brady SPC Oil Only 20 Gallon Lab Pack Spill Kit

Specialized spill response kit engineered for petroleum products, fuels, lubricants, diesel, hydraulic fluids, and hydrocarbons while repelling water. Ideal for marinas, fleet maintenance facilities, transportation operations, public works departments, and outdoor spill response.

Includes oil-only pads, socks, pillows, disposal bags, PPE, and a storage drum for quick deployment.

Spilfyter Oil Only 20 Gallon Overpack Spill Kit

Mobile oil spill response kit packaged in an overpack drum for recovery and transport of contaminated absorbents following petroleum spills. Designed for maintenance vehicles, fueling operations, equipment yards, and emergency response teams.

Includes hydrophobic absorbents that float on water while absorbing oil and fuel products, along with containment accessories and PPE.

OIL ONLY - 20 GALLON

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

3M Chemical Folded Spill Kit - 20 Gallon Drum

High-performance chemical spill response kit designed for aggressive chemicals, acids, bases, solvents, and unknown liquids requiring maximum protection. Intended for laboratories, chemical storage areas, industrial processing facilities, and hazardous material response operations.

Includes chemically resistant absorbents, containment materials, disposal bags, and protective equipment for handling hazardous spills safely.

HAZMAT - 20 GALLON

SPILL KITS

PORTABLE SPILL KITS

SPILFYTER HazMat Standard Vehicle Spill Kit

Compact first-response spill kit designed for vehicles carrying hazardous materials. Includes chemical-resistant absorbents and PPE for rapid containment of acids, caustics, solvents, and unknown liquid spills.

Brady SPC AllWik Universal 5 Gallon Portable Spill Kit

Portable universal spill kit for everyday industrial response to oils, coolants, water, and most non-aggressive chemicals. Ideal for maintenance shops, utility vehicles, public works, and facility maintenance personnel.

Brady SPC BRIGHTSORB 5 Gallon Portable Spill Kit

Highly visible portable spill kit featuring BRIGHTSORB universal absorbents for fast identification and rapid deployment. Designed for maintenance crews, transportation fleets, utilities, and emergency response vehicles.

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

UNIVERSAL SPILL RESPONSE CONSUMABLES

Universal Absorbent Pads

General-purpose absorbents for water, oils, coolants, solvents, hydraulic fluids, and most non-aggressive industrial liquids. Designed for routine maintenance, fleet operations, manufacturing, utilities, and public works. Available in multiple weights, absorbencies, and configurations.

Universal Absorbent Rolls

General-purpose absorbents for water, oils, coolants, solvents, hydraulic fluids, and most non-aggressive industrial liquids. Designed for routine maintenance, fleet operations, manufacturing, utilities, and public works. Available in multiple weights, absorbencies, and configurations.

Universal Absorbent Socks

General-purpose absorbents for water, oils, coolants, solvents, hydraulic fluids, and most non-aggressive industrial liquids. Designed for routine maintenance, fleet operations, manufacturing, utilities, and public works. Available in multiple weights, absorbencies, and configurations.

Universal Absorbent Pillows

General-purpose absorbents for water, oils, coolants, solvents, hydraulic fluids, and most non-aggressive industrial liquids. Designed for routine maintenance, fleet operations, manufacturing, utilities, and public works. Available in multiple weights, absorbencies, and configurations.

ABSORBENTS

SPILL CONTROL

PIG SPILLBLOCKER DIKE

Exclusive New Pig formulation resists tearing, and tacky bottom layer seals tight to smooth surfaces. Polyurethane dike resists water, oils, and other chemicals. Material cleans easily with soap and water and built-in connectors let you join multiple sections (PLR204 requires connectors and corners).

MULTI-FLEX INFLATABLE PIPE PLUG

Temporarily block pipes during repairs or if a spill happens.

Small, flexible design can be snaked through hot tap or branch pipes into larger pipelines that are otherwise inaccessible. Pipe plug inflates up to eight times its size to prevent the flow of liquids, and it conforms to a wide range of pipe dimensions. It can be fully or partially inflated to suit your application. UV-resistant, nylon-reinforced nitrile resists oils and has a shelf life of more than ten years.

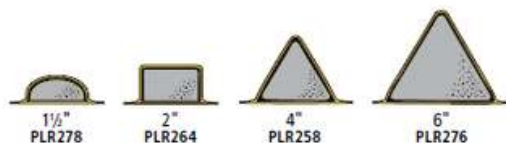

HELPS YOU COMPLY with 40 CFR 122.26 when used as a BMP in a Stormwater Pollution Prevention Plan

NOTE: Seal may not be airtight. Not recommended for pressure tests. See full disclaimer at newpig.com.

Contain leaks and spills around your machinery without building expensive concrete curbs or installing angle iron. You can create a custom semi-permanent barrier that's exactly the size and shape you need, indoors or out. Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment. Durable, 18-oz. all-vinyl covering resists oils, coolants, and most chemicals. High-visibility barrier draws attention for increased safety.

HELPS YOU COMPLY with SPCC and Stormwater Regulations

pig BUILD-A-BERM BARRIER

Configure a barrier of any size or shape to fit your leak-prone areas.

Looking for a specific product? Contact GreyStone with the manufacturer, brand, model or part number, color, size, quantity, and any required specifications. Our team will source the product and provide a competitive quote, even if it is not shown in this catalog.

NEW PIG

SPILL CONTROL

PIG ADJUSTABLE WALL-MOUNT MAT ROLL HOLDER

Adjusts to accommodate a range of roll sizes.

Holder can be adjusted by re-bolting to hold mat rolls up to 36" wide and 20" in diameter, and it's simple to refill with new rolls by using drop-in core rod. Includes wall-mount template for easy installation; hardware not included.

PIG VERTICAL MAT ROLL HOLDER

Put your PIG Mat Roll on wheels.

No more lugging around large rolls of mat! No-tip swivel wheel casters allow holder to move freely, and 3"-high platform is low enough for easy mat positioning. For use with any PIG Mat Roll up to 36" wide x 20" in diameter.

PIG WATER MAT

The ONE mat to stock for cleaning up water problems.

PIG Water Mat has superfast wicking that helps you quickly eliminate puddles to prevent damage, slips and falls.

Be prepared to soak up water that comes in from roof leaks and seepage through doors and docks, cracked foundations or open windows. Absorb excess water in food service, food processing and other critical areas where standing water is prevalent. And deal with water from maintenance and system breakdowns, including burst or leaking pipes, broken hoses, leaking equipment and cleanouts.

Wring and re-use during a single water spill cleanup, then dispose. Cleaner than dirty mops, rags and towels, which can recontaminate floors by spreading bacteria, mold and odors.

WTR006

WTR008

WTR021

PIG MILDEW-RESISTANT WATER SOCK

Deploy long-term, air-dry and reuse.

Flexible socks absorb water from under freezers, coolers, and equipment. Polypropylene skin and filler resist the growth of mildew so they can be left down long-term. To reuse, simply air-dry and redeploy or squeeze water from socks for faster results. Yellow color is hi-viz; blue and black blend in with surroundings.

NEW PIG

LEAK DIVERTER

**CAPTURE
LEAKS
ANYWHERE
WITHOUT A
LADDER!**

Just remove the plug and insert the drainage hose. No need to remove the lid!

PIG LEAK DIVERTER BUCKET KITS

Be ready for roof leaks with all-in-one diverter kits.

Our portable Leak Diverter Tarp Bucket Kits have everything you need for grab-and-go response to divert and contain ceiling leaks, all in a 6 1/2-gallon pail. Bucket doubles as collection container and has a printed "Caution" warning message; removable plug allows 25' L drainage hose to be inserted without removing the lid. Translucent diverter material allows for easy monitoring of leak. Absorbents included with TLS668.

TLS668
